

\* TIME \*

*Time is the root of all this earth;  
These creatures, who from Time  
had birth, Within his bosom at  
the end Shall sleep; Time hath  
nor enemy nor friend.*

*All we in one long caravan Are  
journeying since the world  
began; We know not wither, but  
we know Time guideth at the  
front, and all must go.*

*Like as the wind upon the field  
Bows every herb, and all must  
yield, So we beneath Time's  
passing breath Bow each in  
turn, -- why tears for birth or  
death ?*
